Explainer Video Producer

Thank you for downloading this **FREE** promotional edition of my comic! I hope you liked it. And now, on to the “promotional” part of this promotional edition. 😊

My name is Shawn Turek and I am an illustrator living in the Minneapolis, Minnesota area. I’ve been drawing most of my life, but have made it my career focus over the last five or so years. I also have previous experience in tech support, graphic and web design, and teaching, which have a nice way of complimenting my work as an illustrator.

While my illustrations are focused on children’s books and comics, I am also open to editorial, product/package, and identity design projects. Additionally, I create whiteboard explainer videos to help companies educate potential customers about their products and services.

To summarize, I love telling stories visually, and I hope others enjoy my artwork as much as I enjoy creating it.

.....

Contact me if you feel I would be a good match for your project. Or, forward this along to someone who’s project I may be a good fit for. Thanks!

NO WAY YOU'RE GETTIN' OUTTA HERE WITH THAT CASE!

A guy in an emergency pressure suit is trying to escape a top-secret orbital facility carrying a modified military-grade shock case. In hot pursuit are three security guards nearing the end of their shift in the containment wing of the same orbital facility. Punching, bleeding, and untested airlock maneuvers ensue!
